Dated: 27/7/21

CIRCULAR

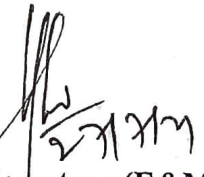

The Marketing Committee vide R.No.96/2021 empowered E&M Branch of APMC (MNI) Azadpur to take decision regarding short term sitting arrangements on temporary basis for seasonal and non seasonable fruits/ vegetables for time being, as and when required.

Accordingly, sitting arrangements for fruit & vegetables of short durations are being made on directions of competent authority after consultation with the concerned traders and based on their mutual consent and their requirement.

However, it has been learnt that a few of the associations or traders are taking advantage of the situation and are in practice of extorting money from traders in the garb of arranging temporary space for the traders which otherwise is provided by the Marketing Committee only. This modus operandi of the notorious associations or traders is highly condemnable and to be dealt with high hand.

Therefore, all the traders are hereby again informed that seating arrangement for short term seasonal fruits & vegetables, not perennial in nature, is solely done by the E&M branch after consultation with the traders as per their requirement and no association or society or organization, whatsoever, is supposed to take any contribution or token money from the traders. If any association or any individual trader is found indulged in such malpractice, stern action be taken against them by way of lodging FIR besides cancellation of their licence/ authorization. A circular of even number dated 02/07/2021 has already been issued in this connection.

This issues with the approval of Secretary APMC (MNI).
